2. [   ] Talked with Mr. Focke, General
Counsel, Bureau of the Budget, thanking him for the two Executive
Orders forwarded us last week. I indicated, however, that there
was still a third Executive Order in which I had originally been
concerned dealing with telecommunications management. He
indicated there was one in the works and he would forward a copy
to us immediately.

This was received later in the day and a copy forwarded to
Commo. The deadline for return to the Bureau of the Budget is
5 January 1962.

3. [   ] Met with General Gerhardt, Chief of Army
Legislative Liaison, at his request. He referred to some newspaper
clippings of 9 December dealing with a C-124 (?) aircraft which was
unable to take off at Carson. Apparently there was a sensitive cargo
involved consisting of Agency supplies. A MP detachment, also
apparently under our control, put a cordon of guards around and in
some fashion caused a real stir to the extent that there were serious
charges from the local populous that their constitutional rights had
been violated including the local sheriff. This resulted in newspaper
accounts and letters to Senator Kerr and Representative Baldwin who
in turn raised the problem with the Army. The Army has issued
apologies and plans to reply to Kerr and Baldwin that the 2nd Lieutenant
MP had been excessively zealous and as a result had been reprimanded
and transferred. Gerhardt wanted to alert me to this in the event this
type of response is not satisfactory and they have to go further with
Kerr and Baldwin. Gerhardt wanted to know if this procedure was
satisfactory and I agreed it was for the time being.

Internal Security Subcommittee staff, the last two corrected page proofs
of translations of Mr. Helms' testimony on Communist Forgeries.

5. [   ] Attempted again to return to Mr. Czarnecki,
in the office of Representative Clement J. Zablocki (D., Wis.), the copy

of the [   ] manuscript. Czarnecki was not in and I will
attempt to return this to him within the next few days.
